

Our mission is to accelerate positive change by providing purposeful, inclusive and relevant resources that inspire ideas and new possibilities.

We invite corporations, organizations, large foundations, nonprofits, think tanks and individuals to come together for thought leadership, collaboration, learning and doing.

Membership with Meaning

Social Responsibility Chicago exists to be a **destination** for **nonprofit, government and corporate leaders**

We are here to be a meaningful choice for our members and those interested in the work we do, and we bring together Chicagoland organizations dedicated to continually enhancing community.

Our member organization representatives may have different titles and represent different sectors, but we have a common goal - to create a stronger city and planet.

to **broaden perspectives, expand networks** and **understand the most pressing issues**

We are invested in expanding perspectives to create an openness and an ability for purposeful, sustainable solutions.

We understand the value of a diverse, expansive network and we provide the environment for our members to meet, greet and stay in touch with leaders across the region.

We help our member organizations understand the issues that are challenging society - locally, nationally or globally - to effectively achieve their mission that results in improved conditions for everyone.

thanks to an inclusive **Board of Directors** that provides a **deep understanding** and **anticipates changing needs.**

We bring together a leadership team comprised of influencers from an array of organizations who have a depth of expertise and are driven by a community-focused culture that is rooted in collaboration, progress and problem-solving.

We bring meaning to our members by providing thought leadership and research today and in the future. We understand their mission, the community and we speak the same language. And, ultimately, we give them what they need.

The world is rapidly evolving and is more complex and interconnected than ever. Our members need a partner that can provide consistency in how we do business while remaining nimble to the world around us.

Membership Benefits & SRC Programs

Breakfast Series (Virtual & In-Person)

Monthly panel tackling a big theme, led by a range of primarily Chicago-based experts. High-level learnings summarized for distribution and recordings shared widely. In the virtual space, open to all members, guests and prospective members. In person, open to SRC members and their guests only.

Community Conversations (In-Person)

Purposeful discussions and action planning around key issues that are challenging our society. Invitations to attend as well as engagement in speaking and shared thought leadership opportunities. SR Chicago members are invited to submit interest on being a Spotlight Community Conversation facilitator. Includes active networking component.

Demystifying Social Impact Careers (Virtual & In-Person)

Quarterly series features social impact leaders candidly sharing insights into their journey. Designed to share insight with those in early stages of their career or looking to make a career change. Active Q & A sessions aim to increase transparency around these coveted roles. Free to SRC members.

NEW! Member Meetup (Virtual & In-Person)

Small group "deep dives" into a program topic or topic requested by a member. When in-person, Includes active networking component.
